

Argument: Critical Thinking, Logic and the Fallacies, 2004, John Woods, Andrew D. Irvine, Douglas Neil Walton, 0130399388, 9780130399380, Pearson Education Canada, 2004

This text is designed for the Critical Thinking and Logic courses found in philosophy and general education departments at both universities and colleges. The most unique feature of the text is its solid foundation in logic. The discussion of fallacies is integrated with logic in a way not seen in other texts. This treatment provides students with tools to evaluate their own and other peoples thinking logically as well as analyze and assess an argument.
